#### MESSAGE OF CONGRATULATIONS TO NORTHERN NSW SOCCER FEDERATION LTD. ON THEIR CENTENARY YEAR

As joint Patron of the Northern NSW Soccer Federation Ltd. I want to extend my heartiest best wishes for the Federation's Centenary year. Soccer is gaining in popularity and in the past year the Federation's numbers have grown by ten percent. This exceeds the population growth and is evidence that the administration of the sport is second to none.

Extending from the Hawkesbury to the Queensland border and just about as far West as NSW goes, the Federation now covers 33,000 registered players. The Federation has been busy in the past year, installing both a computer and word processor, to keep up with the demands of its members.

The Centenary match for 1984 will see Victoria and Northern NSW meet on the field, and this could become an annual event. As a former avid soccer player, and Patron of the Federation for around 20 years, I want to pass on my best wishes to all players and the hard-working administrators.

Congratulations and best of luck in the future,

KEN BOOTH Joint Patron  
NSW Treasurer and  
Member for Wallsend

Sir Arthur George  
President, Australian Soccer Federation

#### FOREWORD BY SIR ARTHUR GEORGE FOR NORTHERN NSW SOCCER FEDERATION'S 1984 YEARBOOK

It is my pleasure, on behalf of the Executive of the Australian Soccer Federation, to sincerely congratulate Northern NSW Soccer Federation on this, the occasion of their Century of organised soccer in Northern New South Wales.

Newcastle has, over many years, produced an abundance of Australian representative players. This obviously reflects the well organised junior and youth ranks together with an extremely strong series of senior leagues. The coaches organisations and the referees federation have always been extremely active and well organised.

The creation of the Newcastle K.B. United National League team has tended to stop the talent drain from the Northern area down to the City clubs. As a result, the national representation continues with the supply of youth players to the Australian youth team.

I personally congratulate the administration of the Northern NSW Soccer Federation for the leadership they have displayed over recent years in the promotion of the game. To the many thousands of participants at a junior level, I trust that you continue to enjoy your game and strive for State representation and then national representation.

Once again, sincere congratulations on this, the Centenary Year of soccer in Northern New South Wales.

ARTHUR T. GEORGE  
President  
Australian Soccer Federation

# Recognition for a true soccer man

Sid Grant, one of Australia's most noted sporting administrators in the past 50 years.

S. J. GRANT

Sid Grant was born and bred in Kurri Kurri, an area which has produced a host of sporting personalities — but none more renowned than he. He was a member of a Kurri Kurri under-18 team which won a State soccer championship and captain of a "home" team which won a local cricket competition.

He went on to play with the Sydney University soccer team and then with the almost legendary Pyrmont Rangers, an injury ending a promising playing career.

Mr Grant became president of Kurri Kurri Soccer Club in 1927 and was a prime mover in the foundation of the State Soccer League in

the league's President in 1935, a position he vacated in 1941, mainly because his far-seeing advancement of support of junior soccer was not acceptable to some who later agreed he had been right.

Mr Grant was a Northern and State teams selector from 1934 to 1941 and an Australian team selector from 1935 to 1941.

In 1951 he hearkened to a plea to return to the administration, becoming a State Association assistant secretary in the North. He sponsored a team of players who came to Newcastle from many other countries. He gave the side its name — Greta Austral, the forerunner of the present Newcastle Austral Club.

I will recall one day not long after Mr Grant became president of the State League when he went to Waratah Oval to see the team from Waratah Club, for which the driving force was Mr Sid Evans, a local baker. Waratah played an Aberdare team which arrived short of a player or two. Officials were loath to include a youngster as its goalkeeper. Mr Grant spoke to the lad for a time and coaxed the officials into putting him in the team. The lad was Norman Conquest, one of the greatest goalkeepers Australia has produced. Conquest did not hesitate, in later years, to declare that Sid Grant's encouragement took him to the top.

It was Sid Grant who insisted that Aub Teece, a noted right winger, play on the left wing for Australia against Bernard Joy's England team in the third Test at Newcastle Sports Ground in 1937. He reasoned that, with the tall George Smith in the centre, it was necessary that accurate corners be kicked from the left flank, a lack that had caused concern in the second Test. There were few who agreed but, as usual, Mr Grant was right for Smith scored twice from Teece's corners.

There are many such stories of Sid Grant's soccer activity.

ON REFLECTION with JACK MATHEWS

his great administrative work.

"Don't forget I had a great team to back me — in the North, there was Roy Drury, Dan' Rees, Fred Daniels, Tom Lovett, Bill Beasley, Tom Crawford. They had only one aim — the betterment of soccer without thought of gain to themselves," he said.

Mr Grant also covered the soccer scene for Newcastle and Sydney papers. He was widely and rightly regarded as the leading authority on the game. His knowledge of English and Scottish soccer was almost awesome.

Mr Grant was an early Women's Libber. As secretary of the Sydney Teachers' College Sports Union in 1920 he succeeded, against strong opposition, in having women included in a State athletics team which competed in Melbourne. He managed that team.

He was an active member of the PFAA for almost 44 years. Mr Grant taught at a number of schools, including Maitland, Greta, Boolaroo — for 21 years — and was headmaster in turn at Windale, Rosehill and Rose Bay, where he now lives in retirement.

There are many who will be only too eager to see and talk with Sid Grant on Wednesday than they will be to see the Spurs. That is because he is one of the North's most unforgettable sporting personalities.

## Northern N.S.W. Centenary Year.

## 100 NOT OUT.

To celebrate our Centenary a back to Minmi was held at the Minmi Sports Ground, just a few hundred yards away from where it all began 100 years ago. It was indeed a pleasant sight to see so many residents and former residents of Minmi at this celebration.

Probably three of the hardest workers to make this day a success was the Headmaster of Minmi School Mr Ron Stockwell, Bob English, a Former Federation Secretary, and long time identity of West Wallsend Mr. Tommy Morris.

Many people travelled far and wide for the week-end celebrations some of the Former Greats of Northern and Australian Football who attended were Jock Hodge, Jock and Hedley Parkes, Reg Date, Alf Quill, Abby Pugh, Jack "Suppa" Smith, Jim and Len Morgan, Bill Harris, Jim Bellamy, Harold Hall, Billy Jones, Dave Wright, Alf "Ducky" Menwood, John Walker, Ern Hillard, Cyril Jack, Arthur Roberts, James Oliver, W. Daniels, K. Simmons, J. Brown, Bob English, Kelly Harrison, Ernie Fowler, Norm Kaiser, Tom Morris, Harry Hetherington, Dave Williams, Vic Bell, Ben and Ron Hughes, Dick Neal, Jack Ryan, Fred Eshman, Podge Lamb, Terry Lynch, Mario Picasso, Johnny Barr, R. Thompson, Ted Drain, A. McMillian, Jim Priest, Ernie Craig, Tom Lovett and many more who did not "have time" to sign the visitors book. The climax was a re union at the Westy Workers Club.

Two matches were played at Minmi between teams from

## PRESIDENT'S REPORT 1984

The successes and failures of 1984 have been fairly typical of any soccer year. Our Centenary celebrations went well at Minmi under the guiding hand of Tom Morris who gave soccer an event to remember. The interstate match set down for Adamstown Oval failed to attract the expected crowds and cost the Federation money. In retrospect it is easy to see that money might have been saved had the representative squad been named earlier. Had a final squad been announced at an earlier date publicity would have been easier to obtain and we might have expected a much bigger crowd.

Our ten-team competition functioned smoothly and interest was at a high level for most of the season but particularly for the final series. As you know, there will be two ten-team competitions in 1985 and we hope the second division will benefit as a result.

Every year we have trouble with the programme and 1984 was no exception. Although the format of the programme appears to be acceptable, the content still gives cause for concern, particularly the absence of ads. On the brighter side, there is a distinct advantage in using our computer to cut costs and also to provide points tables. Those printouts also help us get out tables into the Monday morning Herald.

The seminar conducted in January was helpful, but it is noticeable that the clubs which have been running efficiently in previous years continued to do so, while there was not a great deal of improvement to those that had been inefficient.

Weston showed acumen and initiative in introducing the pre-season competition in 1984. They will be doing it again in 1985 despite the fact that it means a great deal of hard work for their committee.

Cardiff continues with the Westbury Cup to be run midweek and there are negotiations with a group interested in running an indoor competition also midweek in conjunction with the Federation.

In addition to these enterprises, we are looking forward to a year in which matches and social activities can be co-ordinated more effectively as a direct outcome of the early distribution of fixtures.

For Australian soccer, the coming year is of vital significance. Despite what the jeremiahs may be saying, our game is being played at a higher standard than ever before.

The quality of the NSL grand final of 1984 was exceedingly high. The true value of our National League can be seen in the fact that many of the players on both sides were youngsters who have played all their football in Australia. Whether we reach the World Cup finals or not, Australia has demonstrated to the world that we are becoming a force in a game that was once played at the highest level only in Europe and South America.

Our national squad provides an outlet for the undeniable talent of our juniors and, without that outlet and its natural progenitor, the NSL, soccer has no future.

I would like to express my admiration for the administrators who have battled bravely to present the best football possible at State level. Our own Federation has many capable organisers whose year-round efforts ensure financial stability and viability. There are times when they must wonder whether it is all worthwhile. The only answer to that question is that the code is great enough to reward our endeavours and there are signs that Australia is climbing the last step in the ladder of soccer success.

Marketing could well be the hope for the future. There are signs of new enthusiasm for the concept among the various branches of the code. With the Treloar deal as a starting point we can gather momentum in the next couple of years. There is no doubting the marketing potential of our code. With understanding, forbearance and a set purpose we can easily realise that potential.

The tragedy of 1984 was the collapse of Newcastle K.B. United. It dealt soccer in the north a body blow from which it has not yet recovered. It is absolutely vital that we maintain our entry in the NSL whether through Newcastle Rosebud United or some other club. It is the NSL club based in Newcastle which gives an outlet for the ambition of countless young players. Take it away and we take away also the ambition and the opportunity for the full development of our talent. I believe there would be a determined effort to nurture relations between the Federation clubs and our NSL representative. Only good can come of such a move.

Finally, I would like to wish every club, every committee, every administrator and every player an enjoyable season in 1985 and, of course, a happy festive season in the coming weeks.

A. TREDINNICK

## 1984 Second Division Premiership Results.

Austral United coached and managed by Ossie Pellamy were everything that a Football Club is meant to be.

Players at all times attended matches in a neat and tidy manner. No player were seen to start a match with dirty boots, socks were always up, shirts were always tucked in, I do not remember seeing a player question a referees decision, and thats how it should be.

Austral took out the double winning both the Premiership and Grand Final.

The first mentioned book is also under lot 4, because I could not find it in the world, that you may have.

Date - Venue - Score - Goal formation (preferably both of the Australian team and the opponent's), - Goal scorers - Referee - Crowd.

As you know, I am covering the period 1932 - 1935. Some of this information is recent years, but this covers only the last three years.

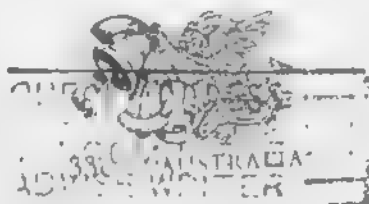

— I'm not going to be a profit, (I'm not going to be any), but because  
— honestly to be honest, I should do it, and because I feel it is my responsibility;  
— I can't know why.

Just a line from you, soon as possible, if only to tell me if you wish to  
do up your co-operation or not. My phone number (H. H.) is 525-6200.

Yes, it's better.

# Soccer tree refuses to yield as Wallsend ponders shift

By Allyn Hamonet  
SOCCER WRITER

IF WALLSEND soccer shifts from its famous Crystal Palace headquarters even the family tree will move to a new ground.

The proposed sale of the 11-censed Wallsend Soccer Club has kept officials of the Wallsend Soccer Football Club, who now control the soccer administration, busy preparing for a possible shift to new territory.

It will end almost a century of tradition and the ground that has produced some of the country's best soccer players will be lost.

But according to the secretary of the soccer football club, Mrs. Nina Thomas, it will not mean the end of the famous peppercorn tree that has stood behind the southern goalmouth since 1928.

Her concern over the fate of the tree has brought offers of help from nurseries, horticulturalists and backyard experts.

Transplanting the peppercorn would be impossible — it stands more than six metres high — so efforts have been made in the past 12 months to strike cuttings or germinate seeds from the tree.

So far all attempts have failed.

The peppercorn tree at Crystal Palace

Mrs. Thomas, however, is determined to re-enact the planting of the original tree with a cutting when, or if, Wallsend soccer is forced to move.

'It just wouldn't be Wallsend's

home ground without a peppercorn tree behind the goals,' she said.

'It has seen every game on the ground, its saved a few balls over the years and just about every team photo taken of a Wallsend

team on Crystal Palace has the tree in the background.

'So we're going to save the tree and plant a cutting directly behind the goalmouth of the new ground if we have to move.'

When Crystal Palace was first developed from land owned by mines, the peppercorn tree was planted in 1928 by Wallsend nurseryman Capwell and Taylor.

It just had to be a peppercorn tree. In those days a tale was told

of a football ground in England where a peppercorn tree grew and the ground rent paid with one peppercorn from the tree each year.

The Wallsend tree has fielded balls from club, representative and international players over the years but no footballer punished it more than the late Jack 'Dinny' O'Brien.

O'Brien was known to Wallsenders as 'The Tree Trimmer' because, it is claimed, for every 18 shots he had at goal O'Brien would hit the tree with 16 and the net with two.

The peppercorn has survived other human trials.

About 10 years ago it was decided to remove the tree when it looked to be dying off and was becoming a hazard to spectators.

It was fed some gallons of sump oil, and half of the tree was taken away after it had been split down the middle. The treatment had the opposite effect because the peppercorn tree flourished.

Mrs. Thomas said that the tree was not the only piece of history that would make the trip should soccer be forced to hand over the ground to developers. The turf would also be taken from the ground and laid over a new patch.

'The tree and the turf have to be saved,' Mrs. Thomas said. 'They are as much a part of Wallsend as anything in the district.'

# "Crystal Palace" Gone but not forgotten.

## "A Walk down memory lane"

As I watched Wallsend Rovers play Edgeworth today Sunday 18th August 1985, I felt so sad. "Sad because never again would I see the "BOLSHIES" play Westy, Adamstown, Mayfield United, Leichhardt Annandale, Granville, Weston or for that matter any other team at the Crystal Palace. "I grew up in the shadows of the Crystal Palace in fact where I lived in Bousfield Street Wallsend I could stand on the back verandah of our house and watch the game.

Even that old peppercorn tree planted along with other trees in the ground by Wallsend Nurseyman "Tommy Capewell" in 1928 seemed to know that time was running out.

As I strolled around the ground for the very last time, I thought that I could see many old faces, I thought also I could hear some of the old familiar voices. Voices such as Sammy Hamilton without a doubt the greatest "Barracker" the "Bolshies" ever had, with that familiar cry "Gawnnnnnn" Wallsend.

"I could see Jack O'Donnell standing at the gate selling "Doubles" on the Big Game, £5 pounds for 1/-, with that friendly smile on his face, as he bid you welcome to the Crystal Palace.

There also was old "Maffa" Pettigrew with that "Stinking old Pipe", watching that any balls that went over the fence into the Canal were quickly retrieved.

Many old timers would often tell of the time that "Maffa" scored a goal with a broken leg. (Records do show that the day Maffa broke his leg, that he did score a goal.)

Old Tom Heaney was there also patrolling the inside of the ground keeping unwanted people off the pitch.

Underneath that Peppercorn tree I could see an array of "Bookies" that would have done Randwick proud, Max Felshaw, and Big Bomber Fred Felshaw, Tyke Mahoney, all there to enjoy the game, and what else you may want. "I" often think what that Peppercorn Tree thought, I suppose it dreaded the thought of winter coming, for that was the signal for the next 5 to 6 months for it to do the work that Rod Marsh did for Australian Cricket.

As I gazed around the fence I could see old Hedley Hopkins standing on his bike giving instructions to the "Bolshies", I thought also I could see "Old Doughy Milburn", a bit the worse for wear.

There also sitting on that special seat in front of the Grandstand was Bob Roberts the Ambulance man for many a year.

I stopped, and looked, and then recalled the day I saw Reg Date take that penalty kick against Corrimal at the bottom end of the ground, in pouring rain he scored, "broke" the net, and then the ball travelled a further 20 yards and knocked a paling off the fence, "Yes friends that is exactly what happened.

I turned and faced the other end to recall how Reg scored 9 goals out of 11 against Weston to break the Australian 1st Division goal scoring record.

Merv Young, Weston's goalkeeper, often described how it felt, trying to stop Reg Dates shots.

I could see all the young ladies in their fancy fashions strolling along behind the goals before the start of the match.

I could see Mick Date, "Reg" two start?

How I can recall seeing 6 to 8 double trams waiting outside the ground for that final whistle.

As I approached the dressing sheds, that same old smell of linament was still in the air, and I could see Wallsend old trainers, names like Tommy Kelly, Rayo O'Brien, Bob Johnson, and Keith McViggers, helping to ease those stiff joints.

I thought also I could see "Old Queenie" the black sheep down in its pen, and how late in the second half of the matches around 4.p.m. all the chimneys would start belching out that black coal smoke.

I could see all those old committee men who used to gather early in the season with their sycne blades, reaping hooks, and a few Qualcast lawmowers (No motor mowers then days). Quite often some of the fellas didn't make it home for lunch; instead two or three of Tom Thomas famous meat pies @ 3 pence each. I can recall many of the committee; some I cannot.?

But names like COLEMANS, Lovett, Rees, Davies, Buchanan, Herd, Neals, Paviours, O'Donnells, Haydon, Smith, Matthews, Kemp, Fredinnick, Heherington, Liddbury, Parkes, Partridge, Drurya, Ferguson, Bedford, Pines, Parkinson, Peters, Truscott, Howell, Cruickshank, Horns, See, Cummings, Urwins, Williams, Linsleys, Hancock, Beveridge, Wardles, Roberts, Pettigrews, Hill, Heaney, Broadbent, Rushton, Tiplady, Lowreys, Rindons, Craigs, Lean, Dean, "odds, Tarrants, Burdon, Pickering, Rynaston, Purcell, Welshaws, Loneragan, Rae, Reay, Millers, Kirkwood, Nelson, Reibie, and on and on they go. Yes and I can recall how Wallsend could field a really great 1st Division team from those who lived just up the road and 2 or 3 hundred yards from the back gate.

Players like Steve and Jim Fredinnick, Len and Jim Morgan, Rob Liddbury, Jack, Snow, and Lucky Hetherington, Len White, Frank, Jim, Billy Mick and Ted Daley, Bob Herd, and the greatest Australian Half Back that I have seen Jimmy Osborne, Jock, Stan, and Hedley Parkes, Jack Loneragan, Kevin Nolan, Bill Mahoney, Ray Davies, Jim Craig, Bob Cairns, Jim Lovett, Ron Evans, Porky Ellverson, Jim, Jock, and Bert Partridge, Artie Walker who scored the first goal in State League in just 28 seconds in 1928. and maybe I could have been the Orange Boy.

I could see that broken paling at the bottom of the fence where, as small schoolboys, I and many others would squeeze through to get into the ground, "why" I dont know, because if you went to the gate you got in for nothing anyway.?

During the Easter of 1927 March-April the bottom end of the ground fell in and the goal posts were never ever recovered, the ground was moved 60 yards forward to its present site.

Standing under the Peppercorn tree today was Alan Russell and members of the Wallsend Committee, also there were Nina Thomas and her fellow members of the Ladies committee. And as I spoke to the former Secretary of Edgeworth that most likeable Tommy Milgate I felt so sad that a ground with such tradition should end up as a Supermarket. ,a ground that has given so much to the local community and to the Commonwealth of Australia has to end up this way.

The Crystal Palace during the War of 1939-45 was the centre point for raising funds for the War Effort "FREE OF CHARGE". many Thousands of Pounds was raised for the War Effort, and not one effort was made by any Government Body to place this Ground on the Heritage List. SHAME, SHAME????.

The Crystal Palace Ground was the mecca for Local, State, and Visiting overseas teams. and as the former Cessnock-Leichhardt Annandale Player George Russell said it was everyone's ambition to play at the Crystal Palace.

The Australian Soccer Federation when preparing its team for the World Cup in 1974 sought permission to use Wallsend Ground as the use of Grounds in Sydney and Newcastle could not be used owing to Blackouts. The Northern Federation arranged for a Generator to be brought from Sydney for the match to be played at no expence to the A.S.F.

Perhaps the new owners of the Wallsend Soccer Clubs Ground could name their parking lots after officials and players of the Club, names such as; Quill Avenue, Date Road, Lovetts Way, Neal's Lane, Frame Close, and Parkes Bros. Close. Names that forever will recall the deeds of some of the Famous names of Wallsend Crystal Palace men. Over the year's gone by Football has lost many famous grounds, Grounds

A nice plaque by the owners of the Wallsend Shopping Plaza to

#### Old Friends.

There are no friends like old friends  
 And none so good and true  
 We greet them when we meet them  
 As roses greet the dew.

No other friends are dearer  
 Though born of kindred mould  
 And while we prize the new one's  
 We treasure more the old

There are no friends like old friends  
 To calm our frequent fears  
 When shadows fall and deepen  
 Through lifes declining years

And when our faltering footsteps  
 Approach the great divide  
 We'll long to meet the old friends  
 Who wait on the other side..

# Westy claims grand final berth

WEST Wallend, playing for all but nine minutes of the second half with 10 men, qualified yesterday for the 1986 Toohays Northern NSW Soccer Federation first division grand final with a 4-2 preliminary final win over Lake Macquarie at Austral Park, Birmingham Gardens.

The result gives the Westy players another crack at archrival Belmont Swans in next Sunday's decider at Macquarie Field, Speers Point, a replay of the 1985 epic won in extra time by Westy.

Just how clearly the Westy players wanted the opportunity to meet the Belwans in the final match of the season became evident in the second half of yesterday's match when they scored twice to wrap up the result while defender Richard Endecott was watching from the sidelines.

## Mistake by keeper

Endecott was sent off by referee Mr Jim Reeves after an altercation in the 54th minute with Lake striker David Wilson.

The loss of a player at such a vital stage, with scores locked at 2-2, was expected to give Lake Macquarie the 'leg up' to a grand final appearance.

But a lamentable mistake from Lake keeper Warwick Scott in the 57th minute allowed Westy to take a grip on the game at 3-2 and then seal the issue 10 minutes later with the fourth.

Westy, coach Keith Harris, remarked later that the chance to 'get

SOCCER WRITER

another crack' at the Belwans, who beat Westy 2-1 in last week's major semi-final, had helped the team power through its second-half setback.

'They wanted to get to the grand final at any cost,' Harris said. 'That, and the fact that teams which win the premiership always seem to fail by the wayside in the semi-finals, were the biggest incentives today.'

Lake Macquarie's claim to a berth next weekend looked almost iron clad in the first 30 minutes, during which the makeshift forward line played havoc with the Westy defence.

Without its two leading strikers, Kerry Cahon and Scott Haynes (both suspended), Lake coach Ray Lloyd threw shirts to David Wilson and Grant Storey.

Both players, plus midfielder Steve Blazath, were prominent in an opening surge that put a goal on the board after just 12 minutes and which repeatedly had the Westy defence scrambling the ball to safety.

It was Storey, smarting just a little over his role as a 'stopgap' who got the faintest of touches to a free kick on the right by Blazath to put the Lake 1-0 up.

He and Wilson thrived on the challenge, posing continual problems to the Westy back four with determined running that could easily have produced another goal or two.

But it was Westy midfielder Darrell Fenwick, 'given heaps' about his performance in last week's semi-final, who righted the premier's lasting fortunes with an equaliser in the 34th minute.

'We knew that we could win it if we went in at half time with the scores level,' Fenwick said later.

It seemed to have worked perfectly only 30 seconds after the restart when Westy striker Glenn Cameron ran on to a huge clearance from keeper Craig Grille, only to see his shot saved by the advancing Scott.

## Macquarie comeback

But the danger for Lake Macquarie did not end there. Mr Reeves awarded a free kick just outside the area for dissent.

It gave left back Warren Shipley the chance to curl a shot around the defensive wall and nest Scott's diving frame.

Still the Lake players came back, equalising 80 seconds later when midfielder John Georgeoff won a penalty which Blazath calmly slotted home.

West Wallend goalkeeper Craig Grille flies high to halt a Lake Macquarie attack at Austral Park yesterday.

That goal, coupled with Endecott's dismissal shortly after, seemed to have tipped the match fortunes back to the Lake team before another free kick, given at the halfway to Westy, virtually ended the fight.

It was taken by Fenwick, who hit a long, speculative ball with the driving wind into the Lake's penalty area. Defender Ralph Dixon shaped to head it clear but left the ball alone when he heard Scott's call. He turned to see the ball bounce over his keeper.

The result was put beyond doubt when Westy got its fourth, via a deflection by Lake defender Gus Hardes from a near-post cross driven in by Westy winger Wayne Webb.

While Westy celebrated a hard-fought win, there was still plenty to toast in the Lake camp.

'I thought if Kerry and Scotty had been in it would have been over in the first half,' Lloyd said later. 'But the lads did tremendously well.'

The fight in the Lake camp, however, was best summed up by Blazath, who finished his 1986 season with a parting shot at the critics who had written off Lake Macquarie early in the season.

'Not bad for a team of no-hopers,' he said.

Mr Harry Hetherington,

RUTHERFORD NSW 2320

Dear Mr Hetherington,

- The Secretary of the NSW Soccer Federation -  
- suggested that I should get in touch with you. -  
- He tells me that the late Mr Syd Grant handed -  
- over to you the records of the NSW Soccer Assn. -

My endeavour is to try to put together a  
history of Frederick William McWILLIAM. I have  
a recollection that he once told me that he was  
President of the NSW Soccer Association. This  
would have been about the years 1928 to 1930 or  
thereabouts. It seems fairly certain that he  
was involved in the early history of the St  
George Soccer Club, but I wonder if you have  
any records that can verify the fact that Fred  
McWilliam was ever the State President ?

Any information that you are able to give  
me about his connection with the NSW Soccer Assn  
such as dates of tenure of office etc. would be  
very much appreciated.

Yours truly,

*Ron McWilliam*

# Sportsmen fathers bow to prowess of sons

It may be no more than in many years of association with sportsmen who have made a name for themselves only one has not followed him to the same level of achievement. The surprise caused then by the fact that his father's rating but when he could no more than pride in his father's achievements.

The exception appeared in the person of "Dingy" O'Brien, of Wallasey, and his son, also Jack, represented Australia when at the height of their respective careers. O'Brien senior would not publicly agree that he was the better footballer no matter what arguments were produced to prove it otherwise.

"Bruno" Johnson is another proud father who, in his heyday, could pace it with the best of them but who is certain that his son plays soccer better than he did. It is difficult to contradict him. His son, Craig, is the lakeland lad who has made good with Middlesbrough in the tough, exacting ranks of English top grade play.

And so it goes on. Northern soccer has many instances of sons following in their fathers' footsteps.

A notable case, spanning more than 30 years in a family's football life, is that of Mr D. ("Doughy") Maunder, an early resident of West Wallasey, and his sons, Henry and Bill ("Podgie"). Mr Maunder was a noted Northern player and a member of the West Wallasey team from 1894 to 1914. He was in the Bluebell team which won the prized Gardiner Cup in 1900 and 1901 only to lose it in 1902. His sons both played for Australia. Henry Maunder played in five Gardiner Cup finals, being on the winning side four times, all in a space of six seasons. His brother, "Podgie" was in the winning team three times and the losing side once in four successive years.

Archie Johns, an Adamstown Rosebuds stalwart for a long period, undoubtedly talks with tongue in cheek when he suggests to one who does not recognize his father's and was keen sense of humour in his son, Allan, was the user of the two when it came to football.

It could not have been so because Allan, also long-serving Rosebud, was one of Australia's most distinguished inside-forwards. He was a brilliant, thoughful player and one of the game's great gentlemen.

Although Rur Gien presented the North. Sista and Australia, there are many who claim it his father, the well-known "Woodie" Gien, was a better player. One who does not agree is "Woody".

The hour is on the foot, as it were, when it comes to the Jones' family. Don Jones, president of the Northern NSW Soccer Federation and a director of the KB United Soccer Club, is emphatic that father was a much better player than he was. While one can agree with decriing Don Jones' abilities. His father was Eric Jones, an outstanding goalkeeper who was remarkable because he retained his spectacles when playing. And he played in days when charging goalkeepers was allowed and common practice. Frank Jones stood up even the most forceful onslaughts — and kept glasses. Mr Jones, something more than an ordinary goalkeeper, was exceptional.

As was suggested at start, it may be nothing more than parental pride and modesty but it is, happily, evident. And it is good that it is so, even if it does nothing more than provide soccer enthusiasts with the basis for much long argument as to the merits of soccer players and their fathers and sons.

Jack Lennard, undoubtedly an outstanding player, was an Olympian who played 16 times for Australia and never without distinction. He did not agree with his father's rating but when he could no more than pride in his father's achievements.

# Complication - Misunderstanding re Points Score 3rd Division.

Owing to a misunderstanding re the points by the Federation, it was decided that the top five teams would play in the semi finals etc. Lambton Jaffas being the 5th team.

The first Semi Final resulted in Lambton Jaffas defeating Nelson Bay for the Minor.

Jaffas now moved to a Major Semi Final.

The second Minor Semi Final saw Dudley Redhead defeat Cooks Hill. Lambton Jaffas now met and defeated Cooks Hill in the first Major Semi Final.

In the second Major Semi Final Beresfield United defeated Dudley Redhead and so go direct to the Grand Final. Dudley Redhead would now meet Lambton Jaffas in the Final, Jaffas won the Final, and now qualified to meet Beresfield United in the Final, the matches are listed as match 1.2.3.4.5. # Family ties strong in Northern soccer

**ON REFLECTION**  
WITH JACK MATHEW

SOCCER in the North has always been a game in which families as a unit have taken close interest, both as players and administrators.

When Minnie Hangers, the first soccer club to be formed in the North, came into being in 1883, family participation was marked. The brothers Jimmy and Bill McCourie, who were club's most noted players.

It has been so ever since, with father handing on his enthusiasm and skills to his sons, helping in the club's administration when playing days were ended and inducing the lady of the house to also play a part.

In a recent "On Reflection", the spotlight was turned on players who had scaled the heights of top-line soccer attained by their fathers.

The careers of a number of father-son teams were outlined. And there are others well worthy of mention.

Bill ("Woofie") Giles, of Dudley and Adamstown, played in 249 top division matches and his son, Ron, turned out for Cardiff, Wallsend, Adamstown, Croft and New Lambton in a total of 333 first division fixtures. Both played in many representative teams.

There were also the Maunders family of West Wallsend. The

father of Henry and Bill (Podge) Maunders, both international of great abilities, was a member of the West Wallsend side of long ago.

There are many instances of brothers reaching top grade status but I know of only five in which four brothers have made marks in the game.

All five concern players who first played in senior football with Northern clubs with the majority of them remaining in the region.

The 20 players, between them, appeared in an almost incredible 3101 senior matches.

The record of the Thomsons of Camnock — the almost legendary Jimmy Thomson and his sons, Gordon, Jimmy junior, Keith and Angus, has already been under review. The four sons appeared in a total of 432 matches.

Another noted Camnock soccer combination of brothers came from the Williams family. George Williams played in 282 matches for the club, Cecil in 1983 for Camnock, Leitchhardt-Annandale and St George. Ernie played all his 314 matches for Camnock, while Sid, after starting his career in his home town, moved to Aberdeen and Weston to complete a career which took him into 102 senior fixtures. Cec Williams played for Australia. The four

brothers had an aggregate of 840 top grade matches.

The four Laddons — Jack, Bill, Ken and Ron — were all, at one time or another, closely connected with Adamstown Club. They top the appearances list with a total of 707 first grade games.

Jack Laddon played with Weston, Adamstown, Lake Macquarie and Merewether in 382 matches. Bill was a hard-working forward with Adamstown and Motters in 130 fixtures.

Bill Laddon was also a noted administrator and president of Adamstown Club for a long period, with the club prospering under his guidance.

Ken Laddon, who also became a force in the game's administration when he retired as a player, figured in 108 matches for Adamstown, Newcastle City and Waratah-Mayfield. His brother, Ron, also a clever forward, was in Adamstown and Waratah-Mayfield teams for 107 fixtures.

Harold and Hugh Whitelaw were twins and members of a much noted Northern sporting family. They were fine forwards in West Wallsend and Wallsend teams. Harold Whitelaw played for Australia against Bernard Joy's England Football Association amateur team in 1937. He

played in 182 first grade fixtures, mainly as an outside-left who Hughie Whitelaw, a highly cup his inside-forward was in 142 matches. Their older brother Bill and Jack, were fine defenders with Jack playing for Australia.

Bill Whitelaw played 137 times for Camnock and Weston. Jack Whitelaw began his first grade career with Wallsend and ended with Goodyear, figuring in 11 matches. The four played, between them, in 642 top grade fixtures.

The last of the four-brother combinations are the Delys. Wallsend — Frank, "Monk", Bill and Mick. They made a total 480 first grade appearances. Frank Dely played 172 times for Wallsend. "Monk" Dely left Wallsend to play with Goodyear for a total of 103 matches. Bill Dely was in Wallsend 104 times and Mick played for the same club 11 times.

**FOOTNOTE:** There are apparently many discussions as to who is, or was, the oldest player top soccer in Australia. According to records he was Frank Mellic Smith, an Englishman who played most of his club football with George until after he had celebrated his 52nd birthday.

## Gutendorf: soccer not professional

FORMER Australian national soccer coach Rudi Gutendorf asserts Australian soccer will only progress when full-time professionalism is introduced into the code.

In a television interview last night, Gutendorf said only specialists could succeed in today's sporting world.

'You will achieve nothing with part-timers,' he said.

'If you want results you must have full-time specialists.'

'And that will only happen then the businessmen have the guts to back soccer with money.'

'Then and only then will the standard of soccer improve and win back the crowds.'

'And then the national team will also be stronger,' he said.

Gutendorf leashed out

at what he called the 'lack of national pride' in Australian soccer.

He said he was not surprised by news that New Zealand's coach John Adsheed had 'the ear' of four or five Australian club coaches who had pointed out the strengths and weaknesses of the Australian team.

'I was sabotaged in many directions,' Gutendorf said.

'What Adsheed has said does not surprise me.'

'There is no national pride in Australian soccer.'

'The action of these coaches shows that.'

'It is the reason soccer has not succeeded in this country,' Gutendorf said.

Gutendorf also said he felt his best players were 'kicked to bits' during PSL games.

'With a 100% fit (Peter) Sharpe and

(Ken) Boden we would have won the Sydney game against New Zealand,' he said. 'But they came in for harsh treatment in club games.'

Gutendorf admitted he was responsible for the failure of the team.

'I was the boss. I accept that because of the failure I must accept the blame,' he said.

Gutendorf said he resigned from the position of the national coach, and was not sacked.

'Nobody sacked me. I resigned because I was very, very depressed,' he said. 'I felt the team had let me down.'

'They didn't fight — in such an important match you would expect the side to fight, but there was nothing like that from them,' he said.

'I felt it would be impossible for me to continue working with the players again.'

Gutendorf said he felt

he was not arrogant when he said that things had to change when he arrived in Australia.

'I knew that I would have to change the image of the game.'

He said the Australian Soccer Federation president Sir Arthur George, agreed with him that the game had to be 'Australianised'.

'It was too ethnic, too centred around migrant groups,' he said.

# Adamstown Rosebud Soccer Club Centenary

**A**DAMSTOWN Rosebud Soccer Club has a sense of history about it.

This week, as the writer stood in the club foyer looking over the display of old team photos and memorabilia, an elderly member sidled up.

... 'That's the 1925 side that took on the touring English team,' he told me. 'That's Arch Harria there, Ed Pete Doyle. He was the captain. That fellow there is Alec Cameron ... The English won 8-1. They were good; they beat everyone on that tour.'

Was he a member of the team, I asked, since he seemed to remember them all so well. 'No ... I was only playing around 1935.' And he went off without telling his name.

Next week the club celebrates 100 years of a history that is very much alive in the minds and hearts of its members and players.

**A** MEETING to form a new 'British Association' football club was held in a cricket shed at Adamstown Park on Monday July 12, 1889, despite the onslaught of a fierce thunderstorm.

A young football player, Peter Finlayson, who had been encouraged by an enthusiastic Rev John Penman, had called the meeting, and at the end of proceedings found himself the secretary of a new football club.

As Peter Finlayson said, in regard to the misery caused by the stormy downpour: 'Things born in adversity often grow to great success.' So they did with Adamstown Rosebud Soccer Club.

The name Rosebud was chosen, for many reasons, at a subsequent meeting and became, over the next century, a byword for club excellence in Australian soccer. It still maintains that reputation.

After 100 years — a football commentator

noted some years ago — 'Few of the game's honours are missing from the Rosebud's proud record.'

**A** PART from the traditional measures of success which the club displays in its trophy cabinets and record books, Adamstown Rosebud has many other credits to its name.

If Balmain Leagues Club thinks it has the supporter to end all supporters in the ebullient Laurie Nicholls, they should take a look at some of the backing Rosebud has had over the years. The legendary Min Buckley would brook no slight to the club she supported so fervently, and was ready to back up her support with whatever came to hand!

Bobby Bell became well-known to Newcastle TV viewers, who waited for his voice to rise from the stands during every game, crying out — 'UP THE TOWN!'

The Rosebud club has been blessed with a succession of fine and generous administrators, outstanding among whom was 'Dinny' Hamilton, a founding member and secretary from 1904 to 1924. A citation in the club's trophy cabinet remembers him.

The spirit of generosity at Adamstown is to be seen in its unstinting assistance to players of merit in forwarding their careers. Two notable recent cases were Ray Baartz and Col Curran, members of the Australian 1974 World Cup team, whom the Rosebud club sponsored to spend six months at Manchester United in Britain. The stay was extended to two years.

Another example of the club's big-hearted approach to the game is to be seen even today. WallSEND Red Devils, an old enemy of Adamstown on the field, was offered a 'home' at Adamstown when it lost its own field at WallSEND during recent supermarket developments. WallSEND still uses the Adamstown field as its 'home away from home'.

Finally, a measure of the esteem in which the club is held can be seen in its junior program, from the earliest days a foundation of the club's strength.

The junior club's current president, Barry Garaty, describes the determination to make the youngsters feel proud that they are more than just a tail wagging on a famous dog. 'They get the best balls. The best playing strip, the best coaches, the best of everything we can provide.'

That, too, says something about the kind of attitude that has kept Adamstown Rosebud Soccer Club running strong for so long.

And the next step, for a club with a pedigree like this, must be a move to State and national level.

One hundred years is a long apprenticeship.
